GOLD YELLOW PEEL

Advanced 2-Step Dermaceutical System

A retinoid based peel that improves pigmentation, texture and radiance through controlled epidermal renewal. This two-step Brazilian Yellow Peel system combines a pre-peel solution for optimal penetration with a retinoid- rich lotion containing antioxidants and brightening agents. The formulation supports controlled peeling, reduces pigmentation pathways, boosts collagen and restores luminosity with minimal downtime.

YELLOW PEEL IS SAFE AND EFFECTIVE FOR:

- Normal Skin
- Dry Skin
- Oily Skin
- Combination Skin
- Pigmented & Tanned Skin
- Dull, Uneven Skin Tone
- Acne-mark Prone Skin
- Aging / Fine Line Skin

NOT RECOMMENDED FOR:

- Active acne cysts
- Sunburn
- Broken/irritated skin
- Extremely sensitive or eczema skin
- Pregnancy (if retinoid-based)

NUMBER OF SESSIONS:

- **Standard Course:**
4–6 Sessions (One Every 20 Days)

- **For pigmentation / melasma:**
6–8 Sessions

- **For glow / maintenance:**
1 Session Every 30–40 Days

BEST SUITED FOR:

- Melasma
- PIH (post-acne pigmentation)
- Sun tan
- Patchy tone
- Brown spots
- Early aging signs

VISIBLE RESULTS

- Glow: 24 hours
- Light peeling: Day 2–4
- Pigmentation reduction: From session 2
- Full improvement: 4–6 sessions

PROCEDURE

FOR DOCTORS & AESTHETIC CLINICS

Recommended Application Time: - Preferably apply in the evening to minimize UV exposure and reduce the risk of sun-induced skin irritation.

STEP 1- CLEAN (ALCOHOL
Purpose: Remove Dirt, Sunscreen & Microbes.
• Use cold wet cotton pads + 70% isopropyl alcohol.
• Wipe entire face thoroughly.

STEP 2 — PROTECT
(VASELINE APPLICATION)
Purpose: Shield sensitive zones from peel.
Apply Vaseline/Petroleum Jelly on:
- Corners of mouth
- Corners/sides of nose
- Under-eye contour
- Any dry/sensitive patches

Avoid peel zones.

STEP 3 —PRE-PEEL SOLUTION
Purpose: Prep skin & enhance penetration.
• Apply 2–3 ml using a fan brush.
• Leave for 1–2 minutes.
• Do NOT wash

STEP 4— YELLOW PEEL LOTION
Purpose: Main peel layer.
• Apply thin, even layer across the face.
• Avoid eyes, immediate nose/mouth corners, eyebrows.

STEP 5. LEAVE-ON TIME
Dry skin - 6-8 hours
Oily skin 8-11 Hours

STEP 6 —EXPECTED RESULTS
- Glow within 24 hours
- Light peeling/flaking day 2–4
- Brightened tone
- Reduction in pigmentation
- Smooth texture

REPEAT TREATMENT
After 20 days, if required

AFTERCARE
1. Stretching/Tightness:
Use Fucibet cream 2× daily for 3 days.
2. Sunscreen:
• Mandatory, even indoors.
• SPF 50+, reapply every 4 hours outdoors.
3. Moisturizer:
Use fragrance-free moisturizer 2–3× daily for 5–7 days.
